

Sigma Chi

Epsilon Upsilon Chapter / ASU

Format

The Epsilon Upsilon Chapter of the Sigma Chi Fraternity has been one most distinguished leadership organizations at ASU since our founding in 1960. Sigma Chi just celebrated 50 active years in the ASU Greek System.

Our chapter is devoted to developing leaders that impact our chapter, campus & community. The chapter has several brothers that are in the Barrett Honors College & the W.P. Carey School of Business. We continue to grow stronger with each semester and ask each brother to uphold the high standards that Sigma Chi has established.

Through commitment to scholarship, philanthropy, and an unshakeable brotherhood, the men of Sigma Chi continue to build a lasting legacy, in college and beyond.

We are extremely proud of our partnership with the Phoenix Sigma Chi Alumni Chapter and most anxious to support our charity of choice: The Children's Miracle Network Hospitals and Phoenix Children's Hospital.

The Children's Miracle Network Hospitals (CMNH), founded in 1983, is one of the world's leading children's charities. Founded on two simple goals, which are:

1. Help as many children as possible by raising funds for children's hospitals.
2. Keep funds in the community in which they were raised to help local children.

By 2013, CMNH has raised over \$4 billion for this worthy cause.

There are more than 170 Children's Miracle Network Hospitals worldwide. Each year these hospitals treat 17 million children for every disease and injury imaginable.

Your participation in this golf tournament helps fund local children in need of such medical services at Phoenix Children's Hospital

Since 1992, Sigma Chi chapters have raised over \$5 million for area CMN Hospitals.
